

Join The Movement To Make It Fair And Help Rebuild California

Make It Fair is dedicated to closing the commercial property tax loopholes so we can invest in strengthening our schools and important local priorities.

We support Prop. 13's important protections for homeowners and renters. Unfortunately, some big corporations and wealthy commercial property owners are using loopholes in the law to avoid paying their fair share in taxes. This means California is losing billions in revenue every year that could be used to make our communities better places to live and work.

We're committed to the following principles as we work to Make It Fair:

- Assess commercial and industrial property at fair market value and close commercial property tax loopholes,
- **Invest the resulting \$9 billion a year in funds in the schools and local services we all depend on,**
- Protect homeowners and renters from any changes,
- Provide tax relief for small businesses, and
- Include accountability provisions so new funds are spent appropriately.

We need your help! We're building a strong grassroots coalition to spread the word about the critical need for commercial property tax reform.

Your support is critical. By signing up, you'll help us reach thousands more Californians who are tired of seeing important services deteriorate because of an unfair playing field. You'll be supporting schools, parks, community colleges, public safety, roads and other critical local programs. And you'll be helping us to rebuild a California that provides greater opportunity for every member of our community.

California ranks **50th** in the nation for number of students per teacher.

National Education Association, Rankings and Estimates, March 2014

KQED California Report, May 6, 2012

Help us Make It Fair by pledging your support today!

My organization will help by:
(circle all that apply)

- Endorsing the Make It Fair principles
- Hosting a training for our people
- Participating in meetings with legislators in local districts
- Hold local vigil/demonstration
- Send people to CPTR training
- Other _____
